**Commissioner:** Charles P. Rettig  
**Department:** Department of the Treasury  
**Maryland Employees:** 4,347

**History & Mission:** The roots of IRS go back to the Civil War when President Lincoln and Congress, in 1862, created the position of commissioner of Internal Revenue and enacted an income tax to pay war expenses. In order to consolidate its scattered Washington, D.C. headquarters operations, the IRS moved a large workforce to the New Carrollton Federal Center in October 1996.

The Internal Revenue Service is responsible for administering and enforcing the internal revenue laws and related statutes, except those relating to alcohol, tobacco, firearms, and explosives. Its mission is to collect the proper amount of tax revenue, at the least cost to the public, by efficiently applying the tax law with integrity and fairness.

The agency is structured into four primary divisions: Wage and Investment, Large and Mid-Size Business, Small Business and Self Employed, and Tax-Exempt and Government Entities. The source of most revenues collected is the individual income tax and the social insurance and retirement taxes. Other major sources are corporate income, excise, estate, and gift taxes.
